Over the course of the past months the impending changes at NEXO have caused a number of rumours to develop. As a valued customer of these products we would like to inform you officially of the situation as it currently stands.

A mutual agreement has been reached between NEXO SA and Fuzion Plc regarding the sale of NEXO products in the UK and Republic of Ireland.

As of the 1st of June, the sale of product to these areas will be handled directly by NEXO through a network of allocated Selected Distribution Partners. Specific details of the Distribution Partners will be announced in the near future.

This arrangement will be supported by a UK & Ireland Sales Manager, responsible for overseeing growth of the NEXO brand within the pro audio market. Again, details will follow in due course.

Under this new direction, Fuzion will continue to be a key supplier of NEXO and will support the growing presence of NEXO within the UK & Irish markets. With the resources of NEXO more specifically focused on the UK market, we expect this change to have a very positive impact on the territory.

Consequentially, on Monday the 1st of June Fuzion's NEXO pricing will be adjusted and all discount structures amended, please call to confirm your discount status.

Should you require further information, please do not hesitate to contact us.

Best regards

Denis Baudier
Sales Director
