IEM Earphones

PS.EM-3

The EM-3 is a professional grade earphone system that features high sensitivity, full range response across all frequencies, and an exclusive "ear-guide" option for comfortable extended wear. The earguide reduces stress on the cable at the ear helping to keep the transducer properly positioned for optimum performance and reduced ear fatigue. The cable has a special kink-free design and is lightweight yet very durable. Fitted with 3.5mm stereo jack plug, also comes with 1/4" adaptor.
